## Natural Ocular Cleanser Formulated with 4-Terpineol to Eliminate Demodex Mites

If you suffer from moderate to severe eye irritations that won't go away, Cliradex® towelettes offer relief. Formulated with 4-Terpineol (T40), Cliradex eliminates demodex mites and effectively cleans the ocular area<sup>1</sup>.

Most severe eye irritations can be traced back to inadequate hygiene. Symptoms are usually caused by bacterial infection on and around the eyelids and/or the presence of demodex mites living in the roots of the eyelashes and interrupting gland functions. A daily cleansing routine can break the cycle and provide long-term relief.

Cliradex towelettes are gentle on your skin but powerful enough to thoroughly clean the ocular area, eliminate mites and deliver relief from:

- ✓ **Redness & swelling**
- ✓ **Burning, itchiness or irritation**
- ✓ **Heavy crustiness**
- ✓ **Dry, flaky skin**
- ✓ **Excessive tearing**

## Cliradex is the Natural Way to Keep Your Eyelids and Skin Clean and Healthy

Cliradex towelettes are natural, preservative-free, lid, lash, and facial cleansers formulated with T40, the most important component of Tea Tree Oil, an essential oil known for its unique cleansing ability.

Unlike typical over-the-counter remedies, Cliradex contains no harmful chemicals or fatty oils. The towelettes offer a cooling sensation when used on your eyelids and face, and are safe to use as part of your regular daily hygiene routine.

## USING CLIRADEX IS AS SIMPLE AS:

### STEP 1

Closing eyes firmly

### STEP 2

Gently wiping or patting with towelette

### STEP 3

Letting it air dry for a minute
